Diane

The bus stopping in front of the building must be coordinated with FPS. There is no parking in front of the building we would need to identify a pick location that does not impede traffic or building operations. To coordinate we will need the following information

- Bus company name
- Bus driver's name
- Vehicle plate number
- The driver will need to have proof of insurance and license with him.

I will speak with the FPS inspector tomorrow concerning your request please try to get the information. At a minimum I need the company name.

The plan is in front of 290 Broadway, but we are open to other suggestions.

EPA is holding a meeting in room 27D on February 28 and March 1, 2018, called CSTAG meeting. Attached please find a list of attendees for each day. A representative from EPA, Diane Salkie 212-637-4370, will be in the lobby on both mornings to greet the attendees. The meeting begins at 8:00 am so attendees may be there prior to 8.

On the morning of February 28, after going to room 27D, the group will then meet a bus outside of 290 Broadway at 8:45 am.

Please let me know if you have any questions or concerns.

Thank you,  
Diane Salkie
